

# Volunteers

at CDF Freedom Schools® Austin

Our 12th summer of Freedom Schools Austin is right around the corner. Scholars, staff, caregivers and community come together June 16-July 25, 2025. The fun and inspiration lead to real impact; last year, scholars gained 13 months of reading level in just 6 weeks time.

Volunteers play a critical role in the Freedom Schools community.

**Backstage volunteers** help behind the scenes, with tasks like move-in and move-out, transforming spaces to be most conducive to learning and inspiration, preparing activities and supplies, and organizing the library and office.

**On-site volunteers** complete background check and specialized training to help greet scholars, keep meal times on task, read with scholars one-on-one or in small groups, help with afternoon activities and games, and chaperone field trips.
